A

Aaser, Dr., antimeningitis inoculation, 542; transient paralysis in measles, 808
Abbott, Mr. H. W., new needle for injection of arsenobenzol preparations, 882
Abdomen, gunshot wounds of, during the siege Lieut (Maj. C. H. Barber), 98; gunshot wounds of prognosis, 347; war surgery of (Col. C. Wallace), 561, 597, 637; (leading article), 656
Abdominal operations at the front (Py Q), 514; aneurysm, operative treatment (Maj. W. I. de C. Wheeler), 535
Abdominal wounds, 500 emergency operations for (Capt. C. F. Walters, Capt. H. D. Rollinson, Capt. A. R. Jordan, and Lieut. A. G. Banks, prefatory note by Surg.Gen. Sir A. Bowlby), 207; surgery, fascination of (Col. C. Wallace), 561; surgery at an "advanced operating centre" (Capt. G. S. Hughes and Capt. W. A. Rees), 642
Aberdeen, county of, report of tuberculosis medical officer of, for 1916, 994
Aberdeen Hospital for Sick Children, Royal, annual report, 471; Royal Infirmary, annual report, 313; Dispensary, annual report, 465
Aberdeen University, pass lists, 513
Abrahams, Capt. A., acute gastric ulcer, 351; "soldier's heart," 442
Abscess, epidural intraspinal, of metastatic origin, 160; thyroid, two signs of, 385; psoas, obscure case (Dr. Evelyn A. Constable), 454; antral, treated with salicylic acid (Dr. P. R. Wilde), 998
Abscess, acute pulmonary, treated by artificial pneumothorax, 686
Abstracts of Bacteriology (review), 918
Acorns and chestnuts in war service, 924
Adami, Lieut.-Col. J. G., adaptation and disease, 921, 961
Adams, Capt. J. E., a new tourniquet, 578; new bone clip for fractures of long bones, 725
Adams, Mr. E. C., appointed official member of the Legislative Council of the Colony of Gambia, 1018
Adamson, Dr. H. G., treatment of scabies and other skin affections in soldiers, 221
Adamson, Mr. R. S., and Mr. D. W. Cutler, bacillus resembling B. tetani, 688
Adaptation and disease, 921, 961
Adiposa dolorosa (Dercum's disease), 233
Administrative reform in Mesopotamia, 703
Adrian, Capt. E. D., and Dr. L. R. Yealland, treatment of some common war neuroses, 887
Adventure of Death (Dr. R. W. MacKenna) (review), 22
Africa, East, health of troops in (Py Q), 395
Age limits of pregnancy, 428
Agglutination reactions in typhoid and paratyphoid fevers, 78; curve and its importance in diagnosis of typhoid and paratyphoid fevers in inoculated persons (Maj. G. Dreyer and Capt. A. C. Inman), 365; technique, macroscopic *versus* microscopic, 555; curve and its importance, 701
Agglutinin determinations, diagnosis of enteric fevers by (Capt. E. W. A. Walker), 568
Agglutinins, inoculation, effect of pyrexia on (Lieut. G. S. Wilson), 263
Agglutinometer, a clinical (Capt. R. P. Garrow), 262
Agoraphobia, case of (Py Q), 472
Agricultural work superior to physico-therapy, 772
Air raids, surgical aid in (Py Q), 975
Aitken, Mr. D. M., orthopædic methods in military surgery, 10
Albuminuria in the trenches (Capt. H. B. F. Dixon), 951
Alexander, Mr. F. W., pilewort, 41
Alexandra Nurses and Maternity Home, annual meeting, 491
Alexinsky, Madame T., With the Russian Wounded (review), 761
Albulactin, 381
Albuminous fluids, culture media containing, technique of preparation (Dr. P. Fildes), 492
Alcoholism, acute, definition of, 123, 164, 199
Almond, Dr. G. H., treatment of tonsillar infection, 1014
Alopecia areata and parathyroid deficiency, 730
Alzona, Dr. F., Dercum's disease, adiposis dolorosa, 233
Amar, Dr. J., Organisation Physiologique du Travail (review), 615
Ambrine, 382; cedar oil as an addition, 475
Ambulance manuals, Indian, 976
Ambulances for the Balkans, 202
America, anæsthesia in, 27; medical mobilisation in, 630, 665; industrial accidents, mortality in, 963
American doctors, employment of, 83; medical men (Py Q), 397, 975; Women's Hospital for Officers, 470; Red Cross scheme, 921; medical men in France (Py Q), 934
American League to Enforce Peace, an English Interpretation (Mr. C. R. Ashbee) (review), 762; Review of Tuberculosis (review), 918; Journal of Syphilis, 926
Amœba histolytica carriers treated with bismuthous iodide (Capt. C. G. Imrie and Lieut. W. Roche), 17
Amœbic dysentery, amœbic hepatitis, and general amœbiasis, emetine bismuth iodide in (Dr. G. C. Low), 482; treatment, 780
Amputation retractor, 382
Amputation, supravaginal, for sarcoma mistaken for myoma; stump, guillotine, immediate after-treatment (Capt. H. F. Woolfenden and Capt. J. Campbell), 576; stumps, surgery of (Capt. G. M. Huggins), 646
Amputations and artificial limbs (Lieut.-Col. T. Openshaw), 905
Amsler, M., etiology of hæmorrhagic retinitis, 583
Anaerobes, method of obtaining plate cultures (Capt. W. J. Wilson), 724, 821
Anæsthesia in America, 27
Anæsthesia, Local, Surgical Operations with, Second Edition, 1916 (Dr. A. E. Hertzler) (review), 156; colloid cocaine and the duration of, 769
Anæsthetics at a casualty clearing station, 615; for men with wounds of the abdomen (Capt. G. Marshall), 640; in military practice, 886
Analysis, Elementary Qualitative (Mr. B. Dales and Mr. O. L. Barnebey) (review), 654
ANALYTICAL RECORDS FROM "THE LANCET" LABORATORY—
Albulactin, 381
Ambrine, 382
Antiphlogistine, 618
Bienosan capsules, 763
Cryogenine (Lumière), 763
Cystopurin, 381
"Dial ciba," 22
Eucalyptol (cineol), 22
Liqueur rum (medical reserve), 763
"Small tea," 22
Soaps, toilet, 763
"Soloid" naso-pharyngeal (eucaine) compound, 22
Toilet soaps, 763
Vaporole chloroform, 763
Vitamogen, 381
Wines, white, of Anjou and Touraine (France), 617
Anaphylaxis, phenomena of (Capt. S. Wyard), 105, 124, 163, 198, 199, 238, 276
Anderson, Capt. A. G., and Maj. A. W. Falconer, clinical types of subtertian malaria, 607
Anderson, Dr. Louisa G., and Dr. Helen Chambers, septic wounds treated with bismuth-iodoform-paraffin paste, 331
Anderson, Dr. W., death of, 957
Andrewes, Maj. F. W., intrathecal route for tetanus antitoxin, 682
Aneurysm, abdominal, operative treatment (Maj. W. I. de C. Wheeler), 535
Aneurysms, traumatic and arterio-venous, discussion, 576
Animals, diseases of, during the year 1916, 888
Ankylostomiasis in Assam, 769
Annals of Tropical Medicine and Parasitology (review), 66, 380
Annesley, Capt. J. F. St. J., R.A.M.C. (see Obituary of the war)
Anthrax, simulating cerebro-spinal fever (Surg.-Col. R. J. Reece), 406; in man, 731; spread by shaving brushes, 1022; and mohair, 1023
Antibody content of the cerebro-spinal fluid in meningococcal infections (Mr. F. R. Taylor), 418
Antimeningitis inoculation, 542
Antimony, the use of, 307
Antiphlogistine, 618
Antiseptic "flavine" (acriflavine), 888, 927
Antiseptic, use of quinine internally as an, 351
Antiseptics, specificity in, 510
Antiseptics, specificity in (Dr. K. Taylor), 294, 306
Antisyphilitic measures in Morocco, 31
Antitetanic serum, prophylactic dose of, passive immunity conferred by (Dr. A. T. MacConkey and Miss A. Homer), 259
Antitoxic serum, high-titre, possible drawback of, 658
Antitoxin, free supply in Canada, 423
Antitoxin, tetanus, prophylactic use of (Col. Sir W. B. Leishman and Maj. A. B. Smallman), 131
Antral abscess treated with salicylic acid (Dr. P. H. Wilde), 998

Ants, intruding, 977
Aphonia of war and laryngeal tuberculosis, 424
Apothecaries Society of London, pass-lists, 631, 666, 860, 1017
Appendicitis, persistent patent Meckel's diverticulum simulating, inflammation in (Mr. R. M. Glover), 340
Appleby, Dr. G. H. V., tetanus treated by intramuscular injections of antitoxin, 841
Appointments, weekly lists of, 40, 89, 127, 168, 203, 245, 281, 321, 397, 433, 473, 515, 593, 633, 707, 743, 783, 823, 861, 897, 735, 975, 1021
Appointments, whole-time, and position of temporary medical officers in the Navy or Army, 780.
Approved Societies and National Insurance, Departmental Committee on (leading article), 539
Archaic therapeutics, survival of, 1022
Archives de Médecine et de Pharmacie Militaires (review), 1001
Archives Médicales Belges (review), 762
Arequipa, trichomonas dysentery at, 116
Armenian Red Cross and Refuge Fund, report, 384
Armless men, instrument to enable them to turn over leaves of books, 764
Arm-splint, a universal (Capt. G. E. Wilson), 953
Armstrong-Jones, Sir R., dreams and their interpretation, 301
Army authorities and incurable soldiers, 315; health of, 395; classification of men in (Py Q), 514, 742; doctors' risks, 592; supply of medical officers, 857; medical examinations for (Py Q), 935
Army canteens, 280; Medical Boards, 280; Medical Reserve, a prophetic proposal, 1013
Arnold, Dr. M. B., phenomena of anaphylaxis, 163
Arrested tuberculosis and after-care factories (leading article), 919
Arsenic in food preparations (leading article), 460; sale of, 549
Arterial sclerosis, retinal signs of, 341
Artery, a double radial, 422; common carotid, ligature of (Capt. J. J. M. Shaw), 879
Arthritis, purulent, results of operation, 627; following gunshot wounds, resection of hip for, 1007
Artificial limbs and muscular re-education, 425; for disabled soldiers (Py Q), 667, 742, 783; and amputation (Lieut.-Col. T. Openshaw), 905
Artist at the front, 242, 355, 930
Artists, the message of, 1022
Asbeck, Naval Staff-Surg. Dr., therapeutic value of direct sunlight on scurvy, 462
Ascarides, intestinal obstruction due to, 346
Ash, Dr. E. L., massage and medical electricity in the after-treatment of convalescent soldiers, 165
Ashbee, Mr. C. R., American League to Enforce Peace, an English Interpretation (review), 762
Asylum Workers' Association annual meeting, 742
Asylums in Egypt, work of, 963; for the insane population of, 966
Athanassio-Benisty, Mdme, Formes Cliniques des Lésions des Nerfs (review), 341, 958
Atkinson, Capt. G. L., R.A.M.C. (see Obituary of the war)
Atkinson, Dr. J. M., obituary, 890
Atmospheric pollution, monthly record, 313, 850, 932; a sensible Government grant, 844
Attested men, medical classification of (Py Q), 432
Aubaret, M., trench hemeralopia, 853
Aubin, Dr. W. D., obituary, 468
Aural mischief among aviators, 309
Auricular flutter discovered by radioscopy, 809, 929; fibrillation, digitalis in (Prof. A. R. Cushny), 865
Austin, Col. J. H. E., A.M.S. (see Obituary of the war)
Australia, tuberculosis in, 625

B

Baby week, 1011
Bacilli, tubercle, types of, in cervical and axillary gland tuberculosis (Dr. A. S. Griffith), 216
Back to the land and the wages question, 845
Bacot, Mr. A. W., the louse problem, 421
Bacteriology, Clinical, and Hæmatology for Practitioners, fifth edition, 1917 (Dr. W. d'Este Emery) (review), 342; Medical (Dr. L. A. Tarassevitch) (review), 842, 917; Abstracts of (review), 918
Bailey, Capt. G. B., Australian A.M.C. (see Obituary of the war)
Bain, Dr. W., metabolism in gout, 494
Bainbridge, Mr. F. A., and Mr. J. A. Menzies, Essentials of Physiology, second edition (review), 538
Baird, Capt. L. B., R.A.M.C. (see Obituary of the war)
Balliano, Dr. A., Dercum's disease, adiposa dolorosa, 233
Ballingall, Dr. G. A., approximating the edges of wounds, simple method, 735
Banff Insurance Committee, meeting, 471
Banks, Lieut. A. G., and others, 500 emergency operations for abdominal wounds, 207
"Banting," 898; and *Punch*, 977
Barber, Maj. C. H., gunshot wounds of abdomen during siege of Kut, 98
Barclay, Dr. A. E., new method of bullet extraction, 652; and Sir W. Milligan, Institute of Massage and Remedial Gymnastics, 856
Bardsley, Mr. P. C., retinal signs of arteriosclerosis, 341
Barker, Mr. T. V., crystallo-chemical analysis and its use in medicine, 788
Barnebey, Mr. O. L., and Mr. B. Dales, Elementary Qualitative Analysis (review), 654
Baronetcies, medical, 936
Barr, Capt. H., R.A.M.C. (see Obituary of the war)
Barrett, Lieut.-Col. J. W., and Capt. W. Wilson, septic infection due to otitis media, 878
Barry, Prof. D. T., perfusion of frog's heart with nicotine, 999
Bartholin, tercentenary of, 28
Bartholow, Dr. P., estimation of uric acid of the blood in Bright's disease, 501
Barwell, Mr. R., obituary, 36
Bathurst, Dr. L. W., trench shin, 893
Battalion medical officer, the, 922, 930
Battle, Lieut.-Col. W. H., chronic empyema, value of decortication of the lung, 371
Battles and Bivouacs (M. Jacques Roujon) (review), 762
Bayliss, Prof. W. M., diet of the brain-worker, 385; origin of electric currents led off from the human body, 455
Bazett, Capt. H. C., Col. A. Fullerton, and Maj. G. Dreyer, direct transfusion of blood, a simple method, 715
Bed-carrier, 1002
Beer, less, and more bread, 191
Behring, Prof. E. von, obituary, 890
Belfast, public health in, 39, 585, 734; Maternity Hospital, annual meeting, 465; tuberculosis in, domiciliary treatment of, payment for, 556, 632; Royal Victoria Hospital, annual meeting, 573, 973; Ophthalmic Hospital, annual meeting, 585; Hilden Convalescent Hospital, 585; and the War Office, 734; treatment of venereal disease, 926
Belgian Doctors' and Pharmacists' Relief Fund, 348, 506, 764, 822
Belgian war cripple, vocational re-education of, 430
Belgian War Refugees Committee, work of, 270
Belgrano, Dr. C., Moritz-Weiss reaction in surgical practice, 115
Bell, Dr. W. B., nomenclature of "internal secretion," 33, 124
Bengal, sanitation and disease in, 71
Benn Ulster Eye, Ear, and Throat Hospital, Belfast, report, 934
Bergonzoli, Dr. G., Stati Ansiosi nelle Malattie Mentali (review), 654
Bermuda, vital statistics of, 358
Bernard, Dr. A., and Dr. L. Tixier, simulated jaundice from picric acid, 231
Best, Mr. W. J., death of, 37
Bevan, Mr. L. E. W., horse-sickness of Rhodesia, 462
Bigger, Dr. E. C., appointed Commissioner of the Irish Local Government Board, 28; nominated a member of the General Council of Medical Education and Registration of the United Kingdom for Ireland, 194
Billeting of civilians and infectious disease, 742
"Bipp," use of, following operation of bone-grafting (Capt. H. S. Brander), 377
Bird of Life (Gertrude Vaughan) (review), 804
Birmingham General Hospital, annual report, 554
Birmingham, the public and panel practice, 889
Birth control, an American opinion, 192
Births, marriages, and deaths, weekly lists of, 41, 89, 127, 169, 203, 245, 281, 321, 357, 397, 433, 473, 515, 558, 593, 633, 669, 707, 743, 784, 823, 862, 898, 936, 976, 1022
Bishop, Dr. W. H., method of suturing ruptured perineum, 761
Bismuth iodide, emetine, in amœbic dysentery, amœbic hepatitis, and general amœbiasis (Dr. G. C. Low), 482
Bismuth-iodoform-paraffin paste, treatment of septic wounds with (Dr. Louisa G. Anderson and Dr. Helen Chambers), 331; paste, toxic symptoms after use (Maj. F. A. Hepworth), 573
Bizarro, Dr. A. H., temporary "pilons," 954
Black, Capt. J. E., M.C., R.A.M.C. (see Obituary of the war)
Bladder, the, in gunshot and other injuries of, the spinal cord (Mr. J. W. T. Walker), 173; wounds of, vesical calculus after, 500; urinary, primary suture and union of operation wounds (Mr. A. R. Thompson), 801
Blair, Capt. E. J., R.A.M.C. (see Obituary of the war)
Blakesley, Maj. H. J., economy in rubber gloves, 634
Blandy, Capt. G. S., M.C., R.A.M.C. (see Obituary of the war)
Blenosan capsules, 763
Blind, re-education of, 807
Blinded sailors and soldiers (Mr. A. Lawson), 223, 740; in Edinburgh, 627; treatment in Scotland (Py Q), 707
Blood changes in gas poisoning (Capt. J. Miller and Capt. H. Rainy), 19
Blood pressure and life assurance, 885
Blood, transfusion of, principles of (Dr. A. E. Stansfeld), 488; direct transfusion, a simple method (Col. A. Fullerton, Maj. G. Dreyer and Capt. H. C. Bazett), 715
Boccavilla, Dr. A., general human cysticercus infection, 768
Body shields for soldiers (Py Q), 783
Bolton, Dr. G. C., alopecia areata and parathyroid deficiency, 730
Bonard, Dr. N. S., foreign body in rectum, 185
Bone clip for fractures of long bones (Capt. J. E. Adams), 725
Bone grafting (leading article), 620
Bone grafting, use of "Bipp" following operation of (Capt. H. S. Brander), 377
Bones, fractured, suturing by absorbable ligatures (Prof. K. H. Digby), 378
Bonney, Mr. V., sole use of Reverdin's needle, 994
Books, &c., received, 89, 248, 320, 359, 397, 473, 596, 710, 745, 783, 864, 938, 976, 1023
Books for British prisoners of war, 280; about the war, 761
Books of reference, 516
Boor, Mr. L. G., death of, 581
Borden, Sir F. W., death of, 88
Boric acid in cream, 271
Borrowman, Dr. P. G., death of, 20
Botanic Terms, Glossary of, with their Derivation and Accent, third edition, 1916 (Mr. B. D. Jackson) (review), 156
Bourges, Dr. H., staphylococcic meningitis, 26
Bourguet, Dr. J., surgical correction, without cicatrix, of unlovely noses, 722
Bovril pictures, "The Duel," 434
Bowlby, Surg.-Gen. Sir A., prefatory note on 500 emergency operations for abdominal wounds, 207
Box, Dr. C. R., and Dr. T. G. Nicholson, glycosuria associated with meningitis, 239
Bradshaw lecture on laminectomy in gunshot injuries of the spinal cord (Col. C. J. Symonds), 93
Brady, Mr. C. M., death of, 167
Brain-worker, the diet of, 385, 427
Bramwell, Dr. W., variation in specific gravity of urine and its relation to disease, 1012
Brander, Capt. H. S., use of "Bipp" following operation of "bone-grafting," 377
Brandy for hospitals (Py Q), 396
Bread, war, complete digestion of, 170; economy, 622
Breinl, Dr. A., and Dr. H. Priestley, sprue, 582
Brighton and the Indian warriors, 350
Brighton Hospital Sunday, balance-sheet, 188
Bright's disease, estimation of uric acid of the blood, 501
Briscoe, Dr. Grace, leucocytes in cases of irritable heart, 832
Bristol Eye Hospital, annual meeting, 237; Hospital Sunday Fund, 458; Royal Infirmary, annual report, 603
Bristol University, pass lists, 244, 318, 432
Bristow, Mr. W. R., Treatment of Joint and Muscle Injuries (review), 918
British Guiana, health of, 358
British Journal of Dermatology and Syphilis, 773
British Journal of Inebriety (review), 188
British Journal of Ophthalmology (review), 66, 457
British universities and the war, 704
Broadbent, Sir J. F. H., Lumleian lectures and medical research, 965
Broadmoor Asylum and criminal lunatics, 388
Brockbank, Dr. E. M., Diagnosis and Treatment of Heart Disease, second edition, 1916 (review), 187
Brogden, Lieut. I. R. R., R.A.M.C. (see Obituary of the War)
Bronson, Dr. R., fragilitas ossium, blue sclerotics and otosclerosis, 694
Brown, Capt. L., Hunterian tradition in cardiac research, 291
Browning, Capt. C. H., flavine, 159, 927
Brownlee, Dr. J., statistics of infantile mortality, 306
Bruce, Mr. R., obituary, 391
Bruce, Surg.-Gen. Sir D., tetanus treated in home military hospitals, an analysis, 986

Bruce, Surg.-Gen. Sir D., treatment of tetanus, 680
Brunton, Sir T. L., Collected Papers on Circulation and Respiration, second series (review), 537
Bullet lodged in wall of left ventricle, successful operation, 583
Bullet wounds, histological changes in the spinal cord following, 193; extraction, new method, 652
Bunch, Dr. J. L., Recklinghausen's disease in a female, 225
Burden, Capt. C. B., Australian A.M.C. (see Obituary of the war)
Burges, Lieut. J. A. S. (see Obituary of the War)
Burgess, Dr. D., obituary, 167
Burke, Lieut.-Col. E. T., treatment of gonorrhœa in a field ambulance, 756
Burlington Magazine (review), 302
Burma, prison improvement in, 275
Burnie, Mr. W. G., drugging by a dentist, 594
Burns and scalds, conservative treatment, 170, 204, 246; in the Navy, 201; paraffin treatment, 855
Burns, dressing with paraffin wax, 271, 318
Burroughs, Mr. B. P. B., death of, 417
Burrows, Capt. H., modified tetanus, 139
Burton, Capt. P. H., R.A.M.C. (see Obituary of the war)
Burton Fanning, Lieut.-Col. F. W., neurasthenia in soldiers of the home forces, 907
Byrne, Mr. P. J., acute dilatation of the stomach following gastro-enterostomy, 467

C

Calcified fibroid causing complete axial rotation of uterus (Dr. C. H. Roberts), 454
Calculus, vesical, after wounds of the bladder, 500
Calcutta, convalescent home, 86
Calling up of medical men of military age (leading article), 656; (P Qy), 668, 669
Calve, M. Jacques, and M. Marcel Galland, Les Appareils Plâtrés (review), 226
Calverley, Mr. J. E. G., association of atrophy of the testicle and inguinal hernia, 277
Calvert, Mr. A. F., The Cameroons (review), 804
Cambridge to Camiers under the Red Cross (Miss E. M. Spearing) (review), 762

"C" disinfecting fluid, 354
Centenarian descendant of Old Parr, 282
Centenarians, 33, 77, 116, 168, 278, 319, 420, 585, 667, 897, 933, 1018
Central Medical War Committee (see Central Medical War Committee under War)
Central Midwives Board, meeting, 168, 318, 471, 699, 775, 1017; admission of deaf candidates to the C.M.B. examination, 656
Central Statistical Bureau, 847
Centralisation of public health (leading article), 619
Cerebro-spinal fever, control of (leading article), 229; prevalence and treatment of (leading article), 498; report on, 351; recent work on, 385
Cerebro-spinal fever, suprarenal hæmorrhage in, 34; in the Royal Navy (Surg.-Gen. H. D. Rolleston), 54, 73 cases (Capt. S. Neave), 219; in connexion with the war, 968
Cerebro-spinal fluid in meningococcal infections, antibody content of (Mr. F. E. Taylor), 418; escape from the ear, 804
Certifying surgeons and compensation for loss of income, 585
Cervical tumour, curious degeneration, 456
Cervix, carcinoma of, apparent disappearance (Lieut. E. C. B. Ibotson), 224
Ceylon, health of, 90
Chadwick lecture on soldier's heart (Dr. J. S. Goodall), 962
Chambers, Dr. Helen, and Dr. Louisa G. Anderson, septic wounds treated with bismuth-iodoform-paraffin paste, 331
Chambers, Lieut.-Col. G., trench shin an infectious fibrositis, 752
Chapman, Mr. A. C., hydrocarbons in fish-liver oil, 624
Charaka Club, the (review), 65
Chard Town Council, the water-supply, and compensation for enteric fever, 453
Charles, Sir H., medical research in India, 846
Chauveau, Prof. J. B. A., obituary, 121
Cheese-making in Cornwall, 1023
Chemical Analysis, Quantitative, Representative Procedures in (Mr. F. A. Gooch) (review), 457
Chemical experiments, school-boys', 517
Chemicalising of corpses, 635
Chemistry of war-time whisky, 423; at Edinburgh University, 974
Chemistry, Organic, for Students of Medicine and Biology (Mr. E. V. McCollum) (review), 110; Pure Organic Compounds, Methods for Identification of (Mr. S. P. Mulliken) (review), 111; Organic (Victor von Richter) (review), 111
Chemistry, Physical, System of (Dr. W. C. M. Lewis) (review), 110; Analytical (Mr. F. P. Treadwell) (review), 111; Elementary, Textbook of (Mr. F. M. Perkin and Eleanor M. Jaggers) (review), 654
Chestnuts and acorns in war service, 924
Child, School, Care of (Dr. J. Kerr) (review), 65
Child, The (review), 617
Child welfare work, 160; and munition work, 165; charts, 282; mortality, 581; welfare and maternity, 585
Children's crusade (leading article), 806
Chiles-Evans, Lieut.-Col. D. B., D.S.O., R.A.M.C. (see Obituary of the war)

CHINA (CORRESPONDENCE FROM).—Peking Central (Model) Hospital; Hong-Kong University; Resolutions of the recent joint medical conference, 889

China, medical missions in, joint conference, 394, 851, 889
China, menace of morphine to (Dr. Wu Lien-Teh), 874, 887
Choroid, congenital absence of, 340
Christopherson, Dr. J. B., simple ulcer of the œsophagus causing fatal hæmatemesis, 369
Chylo-hæmothorax from wounds involving the thoracic duct (Lieut.-Col. T. R. Elliott and Capt. H. Henry), 872
Circular, quaint rhyming, 937
Circulation and Respiration, Collected Papers on, second series (Sir T. L. Brunton) (review), 537
City of London Truss Society, annual meeting, 299
Civilian and military medical needs, readjustment of (leading article), 919
Clark, Capt. L. R., Canadian A.M.C. (see Obituary of the war)
Clark, Capt. W. B., R.A.M.C. (see Obituary of the war)
Clarke, Capt. C., and Lieut.-Col. L. S. Dudgeon, cultivation of the malarial parasite *in vitro*, 530
Classification of men in the Army (Py Q), 514
Clayton Convalescent Home, Halifax, N.S., 31
Cleanliness, standard of, 963
Cleft Palate and Hare Lip, third edition, 1916 (Sir W. A. Lane) (review), 110
Climate and health, 193
Clifford, Dr. F., tuberculosis and the war, 700
Clippingdale, Dr. S. D., medical baronetcies, 936
Cocaine, the prescribing of, 192; use of, in dentistry, 356, 430; (Py Q), 669; collosol, 660; collosol, and the duration of anæsthesia, 769; economical use of, 824
Colbeck, Dr. E. H., Lumleian lectures and medical research, 892
Cole, Dr. S. J., and Lieut.-Col. E. C. Hare, double dislocation of jaw simulating fracture of skull, 880
Cole, Mr. P. C., closure of colotomy openings, 466
Cole, Mr. P. P., dental surgery and injuries of the jaw, 123; plastic repair in war injuries to jaw and face, 415
Colebrook, Capt. L., Capt. S. R. Douglas, and Dr. A. Fleming, studies in wound infections, 604
Colledge, Capt. L., and Lieut. J. S. Dunn, hemiplegia caused by embolism following gunshot wounds of the carotid artery, 57
Collie, Sir J., neurasthenia in soldiers, 962
Collosol cocaine, 660; and the duration of anæsthesia, 769
Colotomy openings, closure of, performed for wounds of the rectum (Mr. P. Lockhart-Mummery), 376, 427, 466, 511, 554, 590, 663
Colt, Maj. G. H., gunshot wounds of face and thighs, 760
Coma, diabetic, suppurative meningitis with glycosuria simulating (Dr. F. E. Taylor and Capt. W. H. McKinstry), 182
Comforts for the forces, 634
Comrie, Maj. J. D., treatment of "trench rheumatism" and allied conditions by colloidal sulphur, 991
Concussion injuries to the visual apparatus, 814
Connor, Mr. J. H. T., death of, 667
Conference summoned by Mr. Neville Chamberlain, 430, 469

Ophthalmology.—Exhibition of cases; Fur infection of human conjunctiva from cats; Retinal signs of arterio-sclerosis compared with those of increased blood pressure, 340 Discussion on the etiology and treatment of iritis, 956
Otology and Neurology.—War injuries and neuroses of otological interest, 300—Cases and specimens; Diseases of the ear and recruiting, 803
Pathology.—Central nervous system in hypothyroidism; Anatomical abnormality inherited from the fifteenth century; Congenital hypertrophy, 301
Surgery.—Treatment of severe infected gunshot injuries of the shoulder and elbow joint, 536
ULSTER MEDICAL SOCIETY.—Election of office-bearers, 917
WEST LONDON MEDICO-CHIRURGICAL SOCIETY.—Clinical significance of laboratory tests for syphilis; Exhibition of specimens, 225
Medical Society of London (see Medical societies)
Medical students, supply of, 345; calling up (Py Q), 557, 823, 975; in England and Scotland (Py Q), 1021
Medical treatment of soldiers' widows (Py Q), 320
Medicinal plants in India, cultivation of, 387; plants (leading article), 843, 849; use of glycerine, 886
Medicine and State control (leading article), 497
MEDICINE AND THE LAW.—Humphreys *v.* Miller, Rendell, and Harbord, 75—Coroners juries in war-time; Slingsby case, 74—Need for the Criminal Law Amendment Bill; Adoptive public health measures; Criminal lunatics and Broadmoor Asylum, 388—Supervision of poisons; Sale of arsenic; Case for diagnosis, 549—R. *v.* Caley; Liability of a husband for medical attendance on his wife, 697
Medicine, naval, in the great war (Surg.-Gen. H. D. Rolleston), 255, 265
Medicine, official, and the thrifty spirit, 316, 390; use of statistics in, 735; case, useful pocket, 899
Medico Psychological Association of Great Britain and Ireland (see Medical societies)
Melanotic sarcoma, diagnostic character of effusion in, 887
Men discharged from the army on account of neurasthenia, treatment, 778
Meningitis, staphylococcic, 26, 81
Meningitis, suppurative, with glycosuria simulating diabetic coma (Dr. F. E. Taylor and Capt. W. H. McKinstry) 182, 239
Meningococcal infections, antibody content of cerebro spinal fluid (Mr. F. E. Taylor), 418
Meningococcus, new culture medium for, 81
Mental After-care Association, annual meeting, 394
Mental defect and criminality (leading article), 884
Menzies, Mr. J. A., and Mr. F. A. Bainbridge, Essentials of Physiology, second edition (review), 538
Mercier, Dr. C., Human Temperaments (review), 65; On Causation, with a Chapter on Belief (review), 968
Meriel, Prof., factitious elephantiasis, 422
Mesenteric veins, thrombosis of, intestinal obstruction by (Mr. S. G. Ghose), 224
Mesopotamia Commission, report, 974, 1019
Mesopotamia, hospital accommodation (Py Q), 320; Field Force, Gardening Corps for, 387; administrative reform in, 703; health of troops (Py Q), 935; then and now (leading article), 1003; Mesopotamian army, health of, 894
Metabolism in gout (Dr. W. Bain), 494
Metastatic glioma of ovary, 456
Meteorological readings, 41, 71, 129, 169, 205, 247, 284, 321, 359, 400, 436, 476, 517, 559, 595, 635, 671, 709, 745, 785, 825, 863, 899, 938, 678, 1024
Methylated spirit, the drinking of, in Russia and prohibition, 346
Methylene-blue, "toxic" effects of, 276
Metropolitan Asylums Board, threatened shortage of ambulances, 86
Metropolitan water-supply, 26, 463, 925
Micropsia and macropsia, 770
Microscopic staining with copying-ink pencil, 744
Microscopy of Vegetable Foods, second edition (Mr. A. L. Winton) (review), 537
Micturition centre, the, 351
Middlesex Hospital as a "mobilisation centre," 896, 968
Midwives, sphere and future of (leading article), 383; shortage in Cornwall, 610
"Military carditis," 662
Military experience of John Hunter, influence of, exerted on himself and the military surgeon of to-day (Surg.-Gen. Sir G. H. Makins), 249; Surgery (Capt. D. P. Penhallow) (review), 654
Military hospitals, new, 666, 896; hospital huts at Cromarty (Py Q), 823
Military medical boards and classification of recruits (Py Q), 396
Military service, medical men in Ireland and (Py Q), 472; (Review of Exceptions) Bill, 514, 557, 1019; Act, Committee of Reference under (Py Q), 823
Military Surgeon (review), 882, 1001; Orthopædica, Notes on (Col. R. Jones) (review), 968
Milk in the diet of infants, 41; good, 170; conservation of, 543; clean, 694
Miller, Capt. J., and Capt. H. Rainy, blood changes in gas poisoning, 19; (Capt. J. Miller), 793
Miller, Dr. C. H., paratyphoid infection, 747, 827, 901
Miller, Dr. J., simple ulcer of the œsophagus, 511
Miller, Lieut. A. I., R.A.M.C. (see Obituary of the war)
Milligan, Sir W., and Dr. A. E. Barclay, Institute of Massage and Remedial Gymnastics, 855
Mills, Mr. C. H., acute cases of psoriasis, 225
Milne, Capt. J. E., D.S.O., R.A.M.C. (see Obituary of the war)
Mind and Health Series (review), 21
Minet, M. Jean, "silent peritonitis" and sudden death, 1007
Ministry of Health (Py Q), 706, 888, 975
Minkowski, Dr. M., physiology of the pre- and post-central and parietal convolutions, 924
Mixter, Dr. W. J., epidural intraspinal abscess of metastatic origin, 160
Mixtures, stock, 231; and panel practice, 277
Mobilisation and the medical profession (leading article), 67, 113, 242, 343, 469, 665; the position of dentistry (leading article), 383; and Panel Committee for the County of London, 86; of the dental profession, 510; medical, and Glasgow, 554; in America, 650, 665; and National Medical Union, 665
Mohair and anthrax, 1023
Mollinson, Mr. W. M., heart failure during operation, 731
"Monkey" nuts as a food, 670
Montizambert, Miss E., development of trained nursing in France, 991
Moon, Mr. C., death of, 626
Moore, Dr. E. E., prolonged nasal feeding, 635
Morgan, Dr. W. P., specificity in antiseptics, 510
Morison, Dr. A., Lumleian lectures and medical research, 927; "soldier's heart," 588
Moritz-Weiss reaction in surgical practice, 115
Morphine, menace of, to China (Wu Lien Teh) (Dr. G. L. Tuck), 874, 887
Morrison, Dr. H., and Dr. F. B. Lund, double empyema successfully operated upon, 115
Mort, Lieut.-Col. S., retrograde strangulation of intestine from constriction by an external aperture, 758
Mortality amongst women in Calcutta, 742
Mortimer, Mr. J., obituary, 513
Morton, Dr. R., earlier post-operative raying of breast cancer, 426
Morton, Prof. C. A., treatment of secondary hæmorrhage in gunshot wounds, 213
Mothers and children, physical welfare of, 693
Motor-car, The (Mr. T. O. A. Lawton and Mr. R. J. H. Gibson) (review), 457
Motor-gas, poisoning by, in ambulances, 161; car, the springs of, 282
Mott, Prof. F. W., changes in the central nervous system in hypothyroidism, 301
Mott, Prof. F. W., and Dr. T. E. K. Stansfield, general paralysis due to acquired syphilis, 335
Mottram, Dr. J. C., and Mr. S. Russ, dosage in radium-therapy, 803
Moure, M., total laryngectomy, 1007
Mukerji, Capt. K. K., I.M.S. (see Obituary of the war)
Mulliken, Mr. S. P., Method for the Identification of Pure Organic Compounds (review), 111
Munition work and child welfare, 165
Munition workers, toxic jaundice in (Capt. M. J. Stewart), 153, 159; discussion, 185; health of, 471; (leading article), 692
Museums, medical, 869
Mussen, Dr. A., histological changes in the spinal cord following bullet wounds, 193
Myoma, supravaginal amputation for sarcoma mistaken for, 456; undiagnosed cancer of the cervix in 200 total hysterectomies for, 456

N

Nasal feeding, prolonged, 635
Nasal secretion, accessory food factor in (Dr. C. Shearer), 59
Nash, Maj. E. H., education of the left hand of disabled sailors and soldiers, 964
National Association for the Prevention of Infant Mortality, lectures, 369
National Committee for Relief in Belgium, 809
National Council for Combating Venereal Diseases, 353, 973
National Dental Aid Fund, 934
National food-supply, 657
National health in 1915–16 (leading article), 228
National Health Insurance (Medical Benefit) Regulations (England), 1913, Reports of Inquiries and Appeals under (review), 1000
National Insurance (Part I.) Amendment Bill, 556; the public and panel practice in London, 773
National Medical Union and medical mobilisation, 665
National Rumanian Relief Fund, 553
Naval medicine in the great war (Surg.-Gen. H. D. Rolleston), 255, 265; (leading article), 267; fleet-surgeon's impressions in the trenches, 860
Navy, victualling of, 862
Naylor, Lieut. J., R.A.M.C. (see Obituary of the war)
Neave, Capt. S., staphylococcus meningitis; seventy-three cases of cerebro-spinal fever, 219; technique of lumbar puncture, 700
Needle, new, for injection of arsenobenzol preparations, 882
Neligan, Capt. J. R.A.M.C. (see Obituary of the war)
Neoplasmata of the skin treated by X rays or radium (Capt. A. A. R. Green), 544
Nephritis and other affections of the urinary tract (Dr. C. H. Miller), 829
"Nephritis, war" (leading article), 459
Nerve injuries (Formes Cliniques des Lésions des Nerfs) (Mdme. Athanassio-Benisty) (review), 341, 958
Nerve, internal popliteal, fragment of shell embedded in (Sir J. M. Davidson and Mr. P. Lockhart-Mummery), 719
Nervous Diseases, Text-book of, for the Use of Students and Practitioners of Medicine, eighth edition, 1916 (Prof. C. L. Dana) (review), 155; System, Involuntary (Dr. W. H. Gaskell) (review), 881
Nervous factor in relation to ophthalmic conditions (Dr. T. R. Harwood), 452
Nesfield, Maj. V. B., surface tension and the Wassermann reaction, 18
Neurasthenia, men discharged from the Army on account of, treatment, 778; in soldiers of the home forces (Lieut.-Col. F. W. Burton-Fanning), 907; in soldiers, 962
Neuritis, syphilitic peripheral (Surg. H. E. Thorn), 802; treatment (Dr. H. Sainsbury), 911
Neurology, Introduction to (Prof. C. J. Herrick) (review), 110
Neuroses, war, rare form, 269; treatment (Capt. E. D. Adrian and Dr. L. R. Yealland), 867

NEW INVENTIONS:—

Amputation retractor, 382
Armless men, instruments to enable them to turn over leaves of books, 764
Bed-carrier, 1002
Crutch, an improved, 538
Electrode for ionic treatment of prostatic enlargement, 458
Intravenous injections, improved apparatus for, 342
Luc quartz glass syringe, 958
Needle, new, for injection of arseno-benzol preparations, 882
Splint for wrist-drop of radial nerve paralysis, 578
Splints, wrist- and foot-drop, 1002
Syringe, luc quartz glass, 958
Tourniquet, a new, 578
Wound irrigator, automatic intermittent, 618
Wrist- and foot-drop splints, 1002

Newland-Pedley, Mr. F., mobilisation of the dental profession, 510
New South Wales, health of, 204
New year, an ideal for (leading article), 23
Nicholson, Dr. T. G., and Dr. C. R. Box, glycosuria associated with meningitis, 239
Nigeria, health and sanitation, 744
Nightingale, Mr. S. S., Abbé Huc on pediculosis, 170
Nipple, Paget's disease of (Mr. W. S. Handley), 519
Nomenclature of "internal secretion," 33, 80, 124, 165
Nonne, Dr. M., Syphilis and the Nervous System (review), 456
Noon, Maj. C., repair of large bony defects in the skull by means of a metal plate, 373
Norfolk and Norwich Hospital, annual report, 705
North American Review (review), 381
Northern territories of the Gold Coast, 784
Nose, Accessory Sinuses of, Catarrhal and Suppurative Diseases of (Prof. R. H. Skillern) (review), 226
Noses, unshapely, corrected surgically without scar, 310; unusively, surgical correction without cicatrix (Dr. J. Bourguet), 722

NOTES AND SHORT COMMENTS.—Milk in the diet of infants; "Index Dosurine case," 41—Pilewort, 41, 169—Question of prohibition; A medical philologist; Irish nurses and the College of Nursing, Limited 42—Health of London; Steam-disinfecting apparatus, 90—Early treatment of gunshot wounds; Vital statistics of Gibraltar, 128—Organisation of the medical profession for war; Conservative treatment of burns and scalds; Jamaica health report; Good milk; Abbé Huc on pediculosis; Complete digestion of war bread, 170—Public health in New South Wales; Prevention of venereal diseases; "New Hazell Annual and Almanack" and "Whitaker's Almanack"; Conservative treatment of burns and scalds, 204, 246—Annual reports of the Local Government Board, 204—Edible seaweed, 246, 282, 323—How to ration the household; Swaziland, 245—Inventor of quick-firing guns; Teaspoonful measures of foods; Springs of the motor-car; Conundrum in rations; Centenarian descendant of Old Parr; Child welfare charts, 282—Medical men and the right to refuse attendance; Vital statistics of the Federated Malay States and the Straits Settlements; Kitchener Club for Wounded Soldiers; Women Sanitary Inspectors and Health Visitors' Association; Food substitutes in Germany, 322—Public health in British Guiana; Potatoes, 358, 398—Vital statistics of Bermuda, 358—Ferns as a source of starch; Prudential Assurance Co., Limited; Price of fish, 398, 434—Falkland Islands, 398—Stick Crutch Fund, 399—Iceland moss; Letters for the London postal area, new method of address; Bovril pictures, "The Duel"; Premiums of old-time medical apprentices, 434—Vital statistics of British Honduras, 435—Curiosities of war; Mauritius medical report; St. George and the Dragon; Decentralised patriotic effort; The right and left hands, 474, 516—Hereditary factor in pellagra; Cedar oil as an addition to ambrine, 475—Herb-collecting, 475, 784—Books of reference; Summer Time Act; Uganda health report, 516—Plympton (Devon) Board of Guardians and medical recommendations; School-boys' chemical experiments, 517—Medical notes in historical manuscripts, the Stuart papers, 558, 594, 634—Royal Society of Medicine and the journals of military hospitals; Untapped sources of starch; "La Baconnette"; Gum as a food, 559—Drugging by a dentist; Mangold wurzel, 594—Comforts for the forces; Economy in rubber gloves, 634, 670—Chemicalising of corpses; Prolonged nasal feeding; Health of St. Lucia; Sprue, 635—Salt in the diet; Drink question; Kidney and abdominal protector; "Monkey" nuts as a food, 670—"Medical practitioners and imperfect operations," 671—Rhubarb; Coolidge X ray tube; Swarren crutch-seat; Optical aids, 708—Microscopic staining with copying-ink pencil; The sparrow; Method of preserving eggs; Health and sanitation in Nigeria, 744—Cultivation of jalap; A lost stethoscope; Twilight sleep, 745—Tobacco; Herb-growing in the West of England; Northern territories of the Gold Coast, 784—Use of maize in bread; Medals for service in the Army and Navy, 785—Medical men during Burnand's earlier period on *Punch*; Economical use of cocaine, 824—Vital statistics of Nyasaland; Stretcher-bearing; Wounded Allies Relief Committee, 825—Victualling of the Royal Navy; Cost of starting a cottage hospital; Teaching of sex hygiene, 862—Sanctuary for little pilgrims; Flour value, 863—"Banting," 898, 977—Crêpe bandages; Tree "surgery," 898—London children's country holidays; Medical history of the United States; Useful pocket medicine case, 899—Curious topographical names; Camphorated vaseline oil; Plague among rats in an Indian asylum; Medical baronetcies, 936—Quaint rhyming circular; Salicylic treatment of rheumatism, 937—Disposal of the dead; Indian ambulance manuals, 976—Banting and *Punch*; Intruding ants, 977—Anthrax spread by shaving brushes; Message of the artists; Survival of archaic therapeutics, 1022—Cheese-making in Cornwall; Mohair and anthrax, 1023
